

Rohit Sawner

FRONTEND DEVELOPER

OBJECTIVE

Entry Level Frontend Developers are responsible for creating websites , mobile responsive website and desktop website. They design and develop user interfaces using HTML, CSS, JavaScript, React JS, and Bootstrap 5 and ensure that the Application run smoothly across multiple platforms

PROJECTS

[RESTURANT WEBSITE] [FRONTEND DEVELOPER]

[May 2023 – May 2023]

Created a restaurant website using Html, CSS, JavaScript, Bootstrap5, and ReactJS

Implemented a user-friendly navbar with options for home, about, exploring food, and contact

Designed a compelling home section that showcases the restaurant's specialties and unique features

Developed an informative about section highlighting the restaurant's expertly crafted dishes

Created menu cards and special offers for the exploring food section

Included a contact us section for customers to reach out and avail of free delivery offers

Addressed frequently asked questions about the restaurant in the FAQ section

Added a footer section with contact information and social media links.

[TRAVEL TOUR WEBSITE] [FRONTEND DEVELOPER]

[July 2023 – July 2023]

Developed a travel tour website using React.js, JavaScript, and Bootstrap 5

Implemented a responsive navbar with options for home, about, services, contact, and sign up

Designed an attractive homepage with carousel slides highlighting our popular destinations

Created an informative about page showcasing our agency and travel tour offerings

Integrated a service section in the menu to showcase various beautiful places for customers to choose from

Built a contact page for direct communication between customers and our agency
